For this exercise, think about your football club and answer the following questions in each of the boxes.

What are the advantages of having a younger and an older player in a team?

Look at your favourite team, find up to 3 players who come from another country. Write the player and the country down.

What interesting things can you find out about the countries you have written down?

Some players/supporters are shouted at by some fans calling them horrible names – what do you think could be done to stop people doing that?
